

Solutions across the entire ecommerce journey

Make your delivery experience attract, convert and retain more customers, while cutting your cost to serve orders

1. Offer the right delivery choices

Reduce basket abandonment by adding delivery services that match shoppers preferences to your website

2. Make accurate fulfillment promises

Increase conversions with personalized delivery options and accurate fulfillment dates at the checkout

3. Automate shipping processes

Cut shipping costs by intelligently selecting the right carrier service for each order based on your business rules

4. Quickly integrate with carriers

Significantly reduce the cost and technical complexities of integrating with multiple carriers, via a single API

5. Fast label printing

Increase warehouse efficiency with the fastest and most reliable carrier label printing service available

6. Gain consumer insight

Gain a deeper understanding of your consumers' delivery and return habits and trends

7. Improve consumers post-ship experience

Reduce customer service contacts with excellent self-service experience for order tracking and returns, worldwide

8. Monitor operational performance

Track the deliveries and carrier performance and improve despatch in your warehouses

Metapack helped us increase conversion by 23%

HEAD OF PURCHASING, RIVER ISLAND

RIVER ISLAND

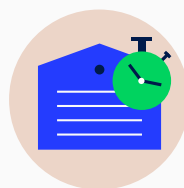

Why Metapack?

With 1 billion transactions a year and a **guaranteed 99.99% availability**, it's a proven tech that won't let you down.

Using the **world's largest carrier library and PUDO network**, we make delivering and returning orders from any location completely effortless.

We are the fastest, and we contract to our integration response rates, **even in peak season**, so your site and warehouse will never be kept waiting.

Metapack is part of the stamps.com family, **backed with huge investment** and over twenty years expertise; we are the industry experts.

The world's most successful retailers trust Metapack
